

California OES Weather Threat Briefing

Wednesday, June 3, 2020
9:00 AM PDT

- **Day 1 (Wednesday):** Moderate to high heat impacts are expected today across portions of the Inland and Southern Regions.

National Weather Service
Western Region Headquarters
Regional Operations Center
Salt Lake City, UT

WEATHER KEY POINTS

06/03/20 - 06/09/20

Wednesday-Thursday

- Hot temperatures are expected in the Central Valley and southeastern CA through Thursday
 - Though this heatwave will not be quite as warm as last week's, moderate to high heat impacts are still possible
- Isolated showers and thunderstorms are possible across the Sierras each day. No impacts are expected.

Friday-Tuesday

- Cooler temperatures starting Friday will significantly reduce heat impacts
- Gusty winds will increase Friday through the weekend across much of the state, but especially in the deserts of Southern Region
- An increased chance of showers and thunderstorms is expected Friday onward, especially in northern CA
